

WORKFORCE READY

Open Your Doors to Skilled Talent Right Here in Central Texas

Capital IDEA connects employers with skilled local talent—trained, tested, and ready to contribute from day one. Our student interns are Central Texas residents who've completed at least a year of college-level IT coursework. When you host a Capital IDEA intern, you gain a motivated team member with real skills—plus a head start in connecting with the region's future workforce.

**TRAINING
FOR THE
FUTURE.**

**READY TO
WORK NOW.**

“Hiring a Capital IDEA intern has saved us \$48K in IT outsourcing costs a year and decreased our trouble ticket response from three days to same day.”

- Kyle Turk, IT Director, LifeWorks

HOW IT WORKS

Internships That Fit Your Team & Your Timeline

Capital IDEA internships offer skilled, reliable support for your team—without a long-term commitment. It’s a chance to mentor emerging talent and grow your workforce with purpose.

Getting Started Is Easy

Interns are prepared to take on real responsibilities—from tech support to hardware installs—freeing up senior staff for higher-level work. Supervising an intern can also be a growth opportunity for employees exploring leadership roles. With Capital IDEA, you get a motivated, local intern and the tools to make it a smooth, successful experience.

To get started, contact **Ron Modesty** at RModesty@capitalidea.org or 512-485-9345.

LET'S MAKE IT WORK
